# Coleman's Crossing - A place where the community comes together!

**A** unique community—the first of its kind in Gloucester—has started construction in Hayes and promises to provide comfort, quality, convenience and most of all affordability. Coleman's Crossing, a new-urbanism, mixed-use community that will feature 85 townhomes and four commercial buildings providing a total of 40,000 square feet of office space and retail shops, is maintenance-free living at its best, in a peaceful, country setting.

"Coleman's Crossing is now a place homeowners call home," says JoElle Harvey, Residential Sales and Marketing Director for the neighborhood and REALTOR for Patsy Hall Realty, 804-694-7557. "We have townhomes available for immediate occupancy and additional town homes will be available in March. Commercial Reservation Letters for retail users, restaurant entrepreneurs and office clientele are also being accepted. "Coleman's Crossing pedestrian-friendly design allows for a unique transition between

the residential and commercial properties—where people can go for a quick walk to shop, eat lunch or perhaps enjoy a little bit of entertainment. Residents will have it all right here for them."

Located just north of Gloucester Point and right off Route 17, Coleman's Crossing will have two separate entrances: one entrance off Route 17 that will access the commercial area, and another entrance off Crewe Road which currently serves the residential area.

"Coleman's Crossing is in a great location, within walking distance of the Hayes Shopping Center which includes stores to accommodate grocery, pharmaceutical, clothing, banking, and floral needs," adds Harvey. "It is also a close commute to the Hampton Roads and Tidewater areas. Coleman's Crossing appeals to a wide range of buyers that includes retired couples, empty nesters, young professionals, military and families. As a resident within this maintenance-free community, you will no longer have to spend precious hours of leisure time on exterior maintenance or lawn care. We will do it all for you."

The townhomes at Coleman's Crossing offer distinct architectural details and spacious, inviting floor plans designed for the way people live. They offer both one-

and two-story townhomes, ranging from 1,300 square feet up to 2,480 square feet. Prices start at \$219,000. Residents at Coleman's Crossing will find two-, three- or four-bedroom townhomes with nine-foot ceilings on the first and second floor, hardwood floors in main living areas, tile floors in bathrooms and laundry rooms, carpeting in bedrooms, designer kitchens with GE appliances, private rear porches and a fenced-in back yard. Optional features are available for all units. All of the models at Coleman's Crossing come standard with an attached garage, and many of the end units are available with a detached garage.

**"...As a resident within this maintenance-free community, you will no longer have to spend precious hours of leisure time on exterior maintenance or lawn care. Coleman's Crossing will do it ALL for you."**

The well-appointed exterior architectural features are enhanced by the beautifully landscaped and professionally

maintained grounds. They include a community irrigation system that uses harvested storm water, brick and/or stone foundations, brick, stone, vinyl and Hardi-Plank façades, low-E Pella windows, carriage-style garage doors, architectural shingles, and concrete porches, sidewalks and driveways. Utility sheds are also available.

Coleman's Crossing will also include a Recreation and Community Center featuring an arts and crafts-style architectural design with a GE kitchen, multi-purpose entertainment room, a well-equipped WIFI system, office, computer station, as well as a 24-hour fitness room. An extensive rear patio with covered porch includes a swimming pool and outdoor grilling station for hosting summer parties. It will be a great place for large social events or small, more intimate get-togethers with the neighbors.

The Residential Homeowner's Association dues include exterior maintenance of the homes, irrigation, landscape maintenance, lawn care and mowing, trash and snow removal, common area care, usage and maintenance of the Community Center and pool,

and reserve funds for repair or replacement of roadway, sidewalks, driveway and select exterior portions of buildings.

The commercial space at Coleman's Crossing includes four buildings, totaling 40,000 square feet and will have road frontage visibility and access directly to George Washington Memorial Highway (US-17). The commercial space will be available for purchase, lease or lease-to-purchase.

Coleman's Crossing Sales Office/Model Home is open daily, Monday-Saturday, 10 a.m. to 5 p.m., and Sunday 12 to 5 p.m.. A virtual tour of the model can be viewed at [www.colemancrossing.com](http://www.colemancrossing.com).

To find out more about this unique and exciting new community, call JoElle Harvey at 804-694-7557, or Patsy Hall at 804-815-1747. You can also visit us at [www.colemancrossing.com](http://www.colemancrossing.com) ♦
